NEED FUNDS TO FUEL YOUR VISION?

At the Malaysian Bioeconomy Development Corporation Sdn Bhd (Bioeconomy Corporation), we're committed to advancing bioinnovation and driving growth across the bio-based and biotechnology sectors. We know that groundbreaking ideas and passion are essential, but turning them into reality often requires access to the right funding. That's where we come in.

To support your journey, we've developed two specialised funding programmes designed to empower bio-based companies and bioentrepreneurs:

1. Biotechnology Commercialisation Fund (BCF)

The BCF is a financing scheme for business expansion and ongoing commercialisation of biotechnology and bio-based products and services.

2. Agro-based Venture Fund (AGVF)

The AGVF is an Equity Funding programme developed to invest, assist, and support agricultural, bio-based, and agritech activities.

BIOTECHNOLOGY COMMERCIALISATION FUND (BCF)

The BCF is a financing programme aimed at biotechnology companies focusing on commercialising innovative products and services. This fund is designed to help you bring your ideas to market, scale up production, and make a meaningful impact to the industry.

ELIGIBILITY CRITERIA

The applicant must be a BioNexus Status* company.

**BioNexus Status is a special status awarded to qualified international and Malaysian biotechnology companies.*
